Make the Painful Situations as Painless . . .

# Ditas-AQUA<sup>TM</sup>

Diclofenac Sodium Injection IP 75mg/ml Injection

.. The Instant Pain Reliever

### BETTER FORMULATIONS:

- Reduced Volume Injection, Substantially Low in Viscosity

### EFFECTIVE RELIEF

- Effective and well tolerated for the pain management
- Provides strong analgesic action

### HIGH BIOAVAILABILITY

- Faster plasma concentration compared to 3 ml injection
- Less gastric irritation

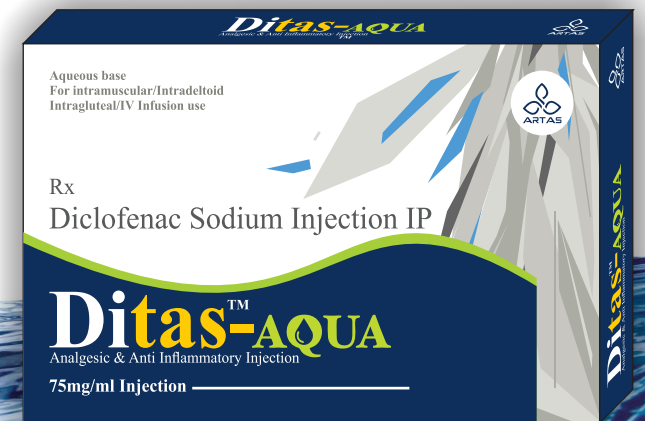

### FASTER ACTION

- Lower Tmax compared to 3 ml injection
- 1 ml formulation had an added advantage of intra-deltoid use
- Specially helpful in obese/overweight patients

## Indications

- |                        |                             |
|------------------------|-----------------------------|
| ○ Rheumatoid Arthritis | ○ Osteoarthritis            |
| ○ Chronic Pain         | ○ Spondylitis               |
| ○ Myalgia              | ○ Dental Surgery            |
| ○ Acute inflammation   | ○ Post-Operative Conditions |
